When detailing a car the first thing to do is pre-treat any stains present, this is where Thanatos the God of Death, Ares the God of War, Perseus and Hades the God of the Underworld come into play. Eradicating the toughest of dead bugs, stubborn tree saps, removing excess iron oxide fallout and tar spots with ease.

CAR GODS

In order to remove the most stubborn of contaminants you need to have a powerful solution, for this we have Ares the Greek God of War. Brandish the untamed aspect of war as you tackle some of the most persistent iron contaminants.

Thanatos is a God to fear but in our case it's a God you will adore and praise. He usually carries humans off to the underworld but this time its Bugs and Sap he's after.
